# TAX TIME... WANT A HUGE REFUND?

It's easy. Just a few keystrokes!

## BUT CAN YOU SLEEP AT NIGHT?

Do it right, make it legal.

You are ultimately responsible for your return...  
Your preparer does it wrong, you pay the penalty.

### IRS WARNING TO THE PUBLIC:

- Avoid tax preparers who claim they can obtain larger refunds than other preparers.
- Avoid preparers who base their fee on a percentage of the amount of the refund.
  - You should not sign your return as "Self-prepared" if paying a fee to preparer.
    - You should get a copy of your return.
    - Do not sign a blank form.
- Review your return before signing it and ask questions, if needed.
